For further information : 05 65 21 54 30 or [www.syded-lot](http://www.syded-lot.fr)

Sorting your waste is made simple
with this **short guide**

70%
of our waste can be
re-used
through **RECYCLING** or **COMPOSTING...**

Let's take care of our environnement, let's sort our recycling

RECYCLABLE WASTE

Bottle bank GLASS

Containers only

Bottles & jars,
lids & caps removed

In the **green bin** or in a **clear recycling bag***

CARDBOARD

Unsoiled

ALL PAPERS:
Newspapers, magazines,
leaflets, envelopes...

PACKAGING WASTE (containers only)

cardboard

Boxes & cartons

metal

Cans, tins, aerosols...

plastic

containers, bottles, tubs, wrapping, trays,
blister packs, plastic bags, tubes...

NEW RULES

NOW,
**ALL PLASTIC
PACKAGING
MUST BE SORTED**

HELPFUL ADVICE :

- Do not include any harmful items (glass, syringes...)
- Other plastic items are not recycled for the moment (string, toys ...)
- No need to clean the containers, you just need to ensure that they are empty.
- Flatten all big cardboard boxes to maximise bin capacity.

...AND ALL OTHER WASTE :
in the brown / grey bin
or (as appropriate) to the "déchetterie"

* Bags distributed in some municipalities only.
