Agence de l'Environnement et de la Maîtrise de l'Energie

Throw away better — sorting our waste

Bottle bank

GLASS

containers only

Bottles & jars
lids & caps removed

In the **Green bin** or in a **clear recycling bag***

CARDBORD

unsoiled

All papers :
Newspapers, magazines, leaflets, envelopes...

PACKAGING WASTE (containers only)

SIMPLE RULES
ALL PLASTIC PACKAGING MUST BE SORTED

cardboard

Boxes & cartons

metal

Cans, tins, aerosols, trays...

plastic

Containers, bottles, tubes, wrapping, trays, blister packs, plastic bags, plastic cups...

* Bags distributed in some municipalities only.

HELPFUL ADVICE :

- **Do not include any harmful items** (glass, syringes...)
- Other plastic items are not recycled at the moment (string, toys ...)
- No need to clean the containers, you just need to ensure that they are empty.
- Flatten all big cardboard boxes to maximise bin capacity.

...AND ALL OTHER WASTE :
in the brown / grey bin
or (as appropriate) to the «dechetterie»

Throw away less — making your compost

Reduce your **organic waste** by **composting**

if you have a garden

Kitchen

fruit and vegetable peelings

egg shells

nut shells

cereals

salad

pasta

cooked vegetables

meat — *fish*

Garden

grass cuttings, wilted flowers

wood chips

leaves

branches

But also

coffee filters, tea bags

tissues, paper towels

cardboard

In small quantities

citrus

bread

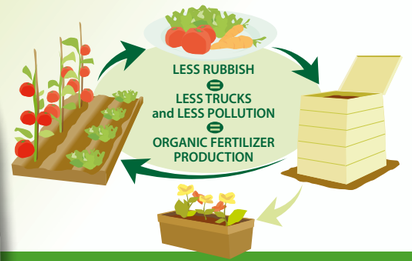

cold ashes

Did you know ?
Home composting reduces the amount of rubbish by **50 kg** per person per year !

You can also make a compost **pile**, without a compost bin.

You can buy a compost bin at the SYDED du Lot.
